

ESAA GIRLS RELAY MEDALLISTS

Unfortunately the composition of the relay teams is not shown in the ESAA results. I have painstakingly tried to find as many as I could from any source : newspaper articles, the Internet and competitors themselves.

Please note that these are relay medal-winning performances where I have found at least one of the members of the team who ran in the final. There are many other relay medal-winning performances where I have no names.

I would be extremely grateful for any help in improving this list and can be contacted via the email address in the **Contact Page**.
